Description

We are a financial advisory since 2001 that operates from Belgrade covering Serbia, Montenegro, Macedonia and Bosnia-Herzegovina. We provide cross-border services to a variety of international and local clients in corporate finance, M&A, real estate finance, project and infrastructure finance and hotel and tourism finance. We are currently involved in and advise on several projects in a variety of commercial sectors such as real estate, hotels, food and agriculture and similar.

We act on either buy or sell side of the transactions, for the investors or investees. We offer customised and focused advice to a variety of international cliental interested in establishing a presence in our countries of operation and to local companies seeking innovative capital raising solutions such as strategic or private equity investments, mezzanine, loans and other forms of financing. We work with a network of other consulting experts (lawyers, accountants, tax advisors, valuers, technical consultants etc.) thus being able to offer "one stop shop" to our clients to meet and deliver all their demands and needs.

We can identify potential targets, strategic partners, sellers and financial institutions. We also have excellent contacts and relationship with local and governmental institutions and influential decision makers in such institutions.

We are an independent firm committed to provide high quality professional service, customized solutions and in-depth market knowledge. We adhere to high ethical and professional standards applicable to investment banking.
