Description

Energoprojekt Urbanizam I Arhitektura plc. (EPUA) is a company within ENERGOPROJEKT Group and one of the largest and most experienced Serbian companies for design, engineering and consulting in the field of architecture and urban planning. Founded in 1951. EPUA has realized many notable buildings in Europe, Africa and Asia. Each new project is a unique challenge which EPUA Team realizes with its Clients and Partners.

EPUA has experts and teams for architecture, interior, urban planning, landscaping, structure and building services. From a total of 95 employees, 80 are experts in the field of architecture and urban planning : architects, engineers and technicians in their respective fields.

EPUA has realized many complex projects in Srebia, Montenegro, Russia, Kazakhstan, Ghana, Nigeria, Botswana and Zimbabwe, always adopting local legislative, codes and standards and learning and respecting the needs, customs and habits of each region.
