Description

Info Studio, a company based in Sarajevo, was established in 1996. It is a multi-award-winning IT and software development company that seeks to provide intelligent solutions and customised software for the financial, public, commercial, and other sectors. The idea of bringing value into the market has motivated Info Studio to develop into one of the Bosnian and Herzegovinian market leaders in the software development field. Info Studio's success can best be seen through many outstanding awards the company received over the years.
