- Forum with Denmark 11:30 - 15:30

Description

SSAMplast Company d.o.o. confirms its commercial success by a broad list of satisfied clients in the energy, mining, road traffic, sports and hospitality.

The company is privately owned and it was founded in 1981 as an independent workshop. Throughout the course of business we paid great attention to development. We have been successfully certified and have TÜV Thuringen and certified XL CODE.

Our manufacturing processes are based on professional attitude of all employees, and continuous professional education.

Only the best are with us! Aces in our sleeves are our relationship with customers, human resources management and business ethics.

With our business experience and confidence we have gained among our clients since 1981 we have imposed ourselves as leaders in BiH.

Your confidence and a smile on your face after work is completed are invaluable to us. That's why we listen to you carefully!
